

POLY-CLASSIC® DuraGlass Square Columns

LIGHTWEIGHT FIBERGLASS COLUMNS

Sometimes the most beautiful solutions are the most simple. Poly-Classic® DuraGlass square columns from Turncraft offer the classic beauty that homeowners and commercial property owners appreciate. Made from lightweight fiberglass, these columns are easy to cut, easy to install, and strong enough to carry heavy loads. Like other Poly-Classic® columns, DuraGlass square columns are decay resistant and require little maintenance. They are simply beautiful.

LIGHTWEIGHT DESIGN IS AN EASY CHOICE

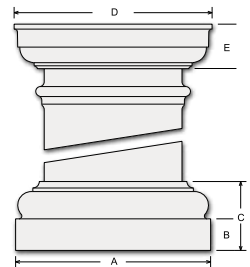

Available in square, non-tapered Tuscan styling, Turncraft Poly-Classic® DuraGlass columns are made from pultruded fiberglass. This advanced material weighs approximately 65% less than FRP (fiberglass reinforced polymer). Just like wood, DuraGlass columns are easy to handle and can be trimmed on site.

WEIGHS LESS HOLDS MORE.

Don't let the lightweight material fool you. DuraGlass columns have an extremely high strength-to-weight ratio, and pound-for-pound are stronger than steel in the lengthwise direction. They are stronger and have a higher flexural strength than timber, so you can depend on them for maximum load-bearing capacity. The hollow center is useful as a channel for downspouts, wiring and plumbing. These columns are impact resistant and will not permanently deform under impact.

Shaft Nominal Bottom Width	Shaft Specs				Max. Load Capacity
	Bottom		Top		
	Net Outside Width	Net Inside Width	Net Outside Width	Net Inside Width	
8"	7 5/8"	7 1/8"	7 5/8"	7 1/8"	5,000 Lbs.
10"	9 5/8"	9 1/8"	9 5/8"	9 1/8"	6,000 Lbs.
12"	11 3/4"	11 1/4"	11 3/4"	11 1/4"	7,000 Lbs.

Shaft Nominal Bottom Width	Tuscan Cap and Base Specs				
	Base			Cap	
	Plinth Width (A)	Plinth Height (B)	Total Height (C)	Abacus Width (D)	Total Height (E)
8"	10 9/16"	1 3/4"	3 7/8"	10 11/16"	2 11/16"
10"	12 9/16"	1 3/4"	3 7/8"	12 11/16"	2 11/16"
12"	17"	2 3/4"	6"	17 1/4"	3 7/8"
